Word of the editor

Dear student,

You have chosen to spend your mobility for studies or traineeship in a higher education institution member of the Pôle hainuyer. The latter is a structure which gather higher education institutions of the Province of Hainaut in Belgium.

We are very happy to welcome you here and we will do our best to ensure your mobility experience is as profitable and pleasant as possible.

This guide you are holding now provides useful information and advice that will make it easier to prepare your journey and ensure your stay runs smoothly.

You are now ready to discover a new living environment. Many questions probably play on your mind : who to get in touch with upon your arrival... and before your departure ? How can you travel to the host city by public transport ? How should you book your accommodation ? What kind of insurance do you need to subscribe ? We will try to answer those questions to the best of our abilities in this document.

You will find a check list with all you need to do before, during and after your stay, an excellent way to make sure that only good surprises will await you here !

This guide also includes tips that will help you to discover a few cities of Hainaut. Read it before you leave and take it with you !

Looking forward to greeting you in person, we wish you a happy reading and welcome you already.

The co-chairs of the Pôle hainuyer :

P. DUBOIS

Rector of
Mons University

D. DUFRANE

Director-Chairman of
the HEH

1. Belgium in brief

Bordering on The Netherlands in the north, Germany and the Grand Duchy of Luxembourg in the east, France in the south and the North Sea in the west, Belgium covers a surface of 30,528 km² with a population of some 11.000.000 inhabitants.

As a founding member of the European Union (EU) Belgium welcomes, in its capital Brussels, the headquarters of many European Institutions (including the European commission and the European parliament) and international organisations (such as the headquarters of the North Atlantic Treaty Organisation NATO).

Belgium is a constitutional and parliamentary monarchy that has been independent in 1830. His present King is Philip I. As a federal state, it includes three Regions (the Walloon region, the Flemish region and the Brussels-Capital region) and three Communities (the French community also called Wallonia-Brussels Federation, the Flemish community and the German-speaking community). Dutch is spoken in the Flemish region; the northern part of the country whereas French is spoken in the Walloon region, in the south. In eastern districts, the main language is German. In Brussels, the capital of Europe, 80% of the 1,300,000 inhabitants of the city are French-speaking. English is also used by many inhabitants of the country.

Belgium is composed of ten provinces including the province of Hainaut, where you will be welcomed. Located in the Walloon region, the capital of the province of Hainaut is Mons and the major other cities are Charleroi, La Louvière, Mouscron and Tournai.

Among the most famous, widely recognised Belgians are the singer/song-writers Jacques Brel and Stromae; the singer Alice on the Roof; the actors Benoît Poelvoorde and

MAGRITTE

Matthias Schoenaerts; the writers Amélie Nothomb, Georges Simenon (Commissaire Maigret), Maurice Maeterlinck (awarded the Nobel Prize in Literature in 1911); the godfathers of comic book writing: Franquin (Gaston Lagaffe), Hergé (creator of Tintin), Morris (Lucky Luke) and Peyo (The Smurfs); artist and caricaturist Pierre Kroll (whose drawings can be found in this brochure); the film directors Jean-Claude Van Damme, Jaco Van Dormael, Jean-Pierre and Luc Dardenne; the painters James Ensor and René Magritte, and the sports stars David Goffin (tennis), Eden Hazard (football), and Nafissatou Thiam (athletics).

Belgium is also the country of chocolate, beer and of course mussels served with French fries! It is a friendly country that offers plenty of historic, artistic, gastronomic, architectural and natural treasures that we invite you to discover.

2. Education

/ Higher Education in the Wallonia-Brussels Federation /

The European higher education area (EHEA), which came out of the Bologna process, is known for promoting and facilitating mobility through the structures it has put in place, which :

- establish a **system enabling the comparison of qualifications** ;
- are founded on **3 levels, or cycles, of higher education studies**.

The Wallonia-Brussels Federation has more than **120 higher education institutions**, offering four different types of education : **Universities (U)**, **University colleges (HE)**, **Arts colleges (ESA)** and **Adult higher education institutions (EPS)**. They offer qualifications such as higher education diplomas, aca-

ademic-oriented Bachelor's degrees and professional-oriented Bachelor's degrees, Master's degrees and PhDs corresponding to three study cycles.

The European Credit Transfer System (ECTS) enables and encourages student mobility.

A credit is a unit of the work completed by a student within the framework of their different learning activities (teaching, supervised work, work placements, individual and group work, studies, research, etc.), which are grouped together in the teaching units of students' study programmes (1ECTS = 0,5 US credit). One full academic year represents a workload of 60 credits, with one credit representing 30 hours of work.

Higher Education in the Wallonia-Brussels Federation (not including bridge programmes)

/ The Pôle hainuyer, a Higher Education Hub /

The Pôle hainuyer groups together 35 partner institutions. It offers nearly 600 initial and continuing education programmes (from Bachelor to PhD), covering 21 fields of study, throughout the province of Hainaut.

The Pôle hainuyer is one of five academic centres put in place, alongside the Académie de Recherche et d'Enseignement Supérieur (ARES), by the decree of 7th November 2013, known as the Décret Paysage. This decree has redefined higher education and the academic organisation of studies in the French Community of Belgium.

More precisely, the Pôle hainuyer is made up of 35 higher education institutions throughout the Belgian province of Hainaut. Its partner institutions include 3 Universities (UMONS, UCLouvain, ULB), 3 University colleges (Haute Ecole en Hainaut, Haute Ecole Louvain en Hainaut, and Haute Ecole Provinciale de Hainaut-Condorcet), 3 Arts colleges (Arts au carré, Académie des Beaux-Arts de la Ville de Tournai, and Ecole supérieure des Arts Saint-Luc de Tournai), and 26 Adult higher education institutions.

More than 35,000 students are presently registered at Pôle hainuyer institutions.

For more information,
please visit our website

www.polehainuyer.be

The Role of the Pôle hainuyer

The Pôle hainuyer provides a place for concertation and dialogue between its partner institutions, and, as such, one of its main roles is to support the collaborations between these institutions, and to encourage them to work together to offer quality services to students.

The work of the Pôle hainuyer covers :

- providing information on study programmes and guiding students in choosing what course is best for them ;
- helping students to succeed in their studies and assisting with reorientation ;
- collaborating on collective services ;
- offering assistance to students with specific needs ;
- promoting international mobility ;
- research.

/ Studying at an institution of the Pôle hainuyer /

Have you decided to complete part of your studies in Belgium, and chosen to follow courses in the province of Hainaut? Be assured that everything will be done to ensure your stay will not only be an academic success, but also a personal one.

Each institution of the Pôle hainuyer has an International Relations Department (SRI), or similar, that will be your main contact. That department will liaise with the SRI of your home institution. It is also in charge of welcoming you, supporting you with all your administrative procedures and answering all the questions you might have about transport, accommodation, health, etc. It will also introduce you to your Academic Co-ordinator who will be in charge of your academic supervision, the validation of your Learning Agreement and answer any question you might have.

Upon arrival, get in touch right away with both your host institution SRI (see details on the next pages) and your Academic Co-ordinator. In adult education there is no actual SRI. For any information please contact the institution in question (see www.polehainuyer.be > Partner institutions > Adult higher education institutions).

Contact the Adult higher education institution concerned

(see www.polehainuyer.be > Partner institutions > Adult higher education institutions)

/ Academic calendar /

Each academic year has 3 terms :

- **The first term** runs from **mid-September to the end of January** ;
- **The second term** is from **the beginning of February until the end of June** ;
- The third term starts on **1st July** and runs through **the summer holidays** and the **resit exam period**.

Each of these terms has an evaluation period for students to acquire credits. Exams are organised at the end of each term: in January and late May-early June. A second exam session stretches from mid August to the start of September, which enables the students to resit exams where they did not achieve satisfactory results. Special exam periods and/or modalities can be granted to the international students. Find out about those possibilities at the start of the term from the SRI of your host institution (see details pages 8-10).

The threshold to pass is set to 10/20 by Education Unit. The Transcript of Records – TOR will be presented to your home institution and you will receive a copy in the weeks after the end of your stay.

The academic calendar does not apply to Adult higher education institutions, find out more from the Adult education Colleges concerned (see www.polehainuyer.be).

/ French language /

French is the main teaching language within the institutions of the Pôle hainuyer. It is therefore essential that students sufficiently master the French language, both orally and in writing, to succeed in their learning activities. Some institutions offer intensive French as foreign language courses (FLE) at the start of each academic year.

Those courses are free of charge for international students.

If you wish to benefit from those French language courses, please inform the International Relations Service of your institution or your international co-ordinator (see details pages 8-9).

/ Libraries /

All the libraries of the institutions of the Pôle hainuyer represent more than one million of resources available to borrow or to consult: novels, technical books and magazines.

Featuring new information and communication technology, those libraries provide the public with digital workspaces and WIFI access for all.

They also have extremely rich and diverse heritage funds: thousands of antique prints, and several hundreds of manuscripts with the oldest one dating back to the 10th century. There is also a large collection of local newspapers with many of them dating back to the 19th century.

You will find all the information about those libraries on the PH institutions' websites (see contacts).

The digital campuses

Don't forget to consult the digital platform proposed by your host institution. It includes all the educational and administrative information easing relation between teachers and students (digital announcements, online courses, Learning Agreement for Traineeship, etc.).

/ Student life /

Student life is not limited to lectures, practice or laboratories. The institutions of the Pôle hainuyer provide numerous leisure and entertainment opportunities: sports or cultural activities, various associations...

Sports and Culture

In that field, the institutions of the Pôle hainuyer have a double objective : making sports and culture available to everyone by organising sports and cultural activities at affordable prices, and creating bonds between all the students, irrespective of their institution, their campus or their study field.

If you wish to practise sports, music, theatre or take part in various cultural excursions in a convivial atmosphere, please refer to the website of your host institution (see contacts) or look for information from the contact persons indicated on pages 14-16.

Orchestra and Choir

Are you a keen music fan, do you play an instrument or do you like to sing a few notes from time to time, with or without experience?

Join one of the initiatives proposed by our institutions.

Associations

The students of the institutions of the Pôle hainuyer are grouped in associations. The latter differ depending on the institution, campus or Faculty/Category in which students are enrolled in. They communicate via websites, forums or social networks. Check the website of your host institution to find out what you can do (see contacts).

Among these associations, the Erasmus Student Network (ESN) is an association that focuses on helping and integrating Erasmus students, in particular through the organisation of parties and various extra-academic activities. If you wish to find out more, please contact the associations ESN Mons (erasmus.umons@gmail.com) and ESN MONS'ters (esn-mons@uclouvain.be).

Search for @Erasmions and @esn.monsters on Facebook and Messenger to find the page.

Tourism

The Office de Promotion du Tourisme (OPT) of Wallonia and Brussels' mission is to help you discover and appreciate the charms of our region. Don't hesitate to visit their website to find more information on the city you are interested in (www.opt.be).

3. Useful information

/ Administrative procedures /

Before departing to your host institution, you will need to comply with various formalities. We recommend you to consult the website of your host institution (see contacts) to know them thoroughly. These are some of the essential tasks to carry out for your mobility.

Before your departure

- Draw up a **first Learning Agreement** with the academic co-ordinator of your home institution.
- Send a **first e-mail contact with the International Relations Department (SRI)** of your host institution (see details pages 7-8).
- Download the **application form** from your host institution's website (see contacts)
- Fill in your **application form**, sign it, have it signed by the Academic co-ordinator of your home institution and send it to your host institution.
- Make sure to find **accommodation**. Do not hesitate to ask for advice from your host institution that can help you.
- Make sure your **identity card and/or passport is valid**.
- Check whether you dispose of an **internationally valid healthcare insurance**. Be aware that a valid healthcare insurance is mandatory in Belgium !
- Check whether your **credit/debit card** is accepted in Belgium.
- Check whether the **debit limit**.
- Check whether you need a visa to study in Belgium

Upon your arrival

- Go to the **SRI** of your host institution to complete your enrolment file.
- Register with the **'foreigners' department of the municipality** where you stay. You will have to fill in a document entitled "Annex 33" in 4 copies. You will have to provide 4 ID photos, a school certificate, an Erasmus certificate, a valid identification (identity card or passport) and, depending on the municipality, you might have to pay a small administrative fee amounting to a few euros. You will be given a copy of that Annex 33, which you will need to keep with your ID documents for the duration of your stay!
- Ask the SRI to sign the **first part of the "Arrival form"**.

Before your departure

- Ask the SRI to sign the **second part of your 'Departure form'**.
- Ask the SRI of your host institution and home institution to find out whether **other administrative return documents** must be filled in.
- Inform the **municipal administration of the city** you reside in and your **health insurance of your departure**.

Good to know

The report of your marks obtained for the exams organised by your host institution (Transcript of Records) guarantees the recognition of ECTS credits and ensures the transparency of the marking system. This document will be sent automatically to the SRI of your home institution as soon as your exams are evaluated (end January, end June or end September). You will receive the summary of your marks within five weeks after your departure.

/ Transport /

Airports

The 2 major airports in Belgium are :

- Brussels Airport

The railway station is located at level -1 of the airport. The Brussels Airport Express train runs four times per hour to the stations of Bruxelles Nord, Bruxelles Central and Bruxelles Midi. From there you can take another train to Mons, Charleroi, Tournai, etc.

www.brusselsairport.be

- The airport of Charleroi-Brussels Sud is located in Gosselies (Brussels South Charleroi Airport).

At Charleroi airport, you can buy a single ticket 'to any Belgian station' from the available ticket machines. That ticket combines the TEC bus journey (from the airport to the railway station of Charleroi-Sud) and the train journey (to any Belgian railway station). Two ticket vending machines are located outside the airport at gate 2.

www.brussels-charleroi-airport.com

Railways

Besides a single or return ticket, the Société Nationale des Chemins de Fer belges (Belgian National Railway Company-SNCB/MIVB) also offers other travel tickets :

- Go Pass

Go Pass offers young people, up to 26 years old, 10 single journeys to any Belgian railway station for a little more than 50€. It is valid for one year and can be used by several people.

- Rail Pass

Rail Pass offers the same service as the Go Pass but without any age restrictions and at a price of approximately 75€.

- Interrail Card

It is also possible to travel without restriction throughout Europe during one month with the Interrail card.

You don't need to validate the ticket on the platform, the ticket inspector will do it on board. Please note that all Belgian trains are no-smoking.

To discover all the SNCB offers, to check the train schedules and to buy tickets online, visit www.belgianrail.be or find out directly at the station.

LES ROUTES BELGES

Bus

The TEC public transport company (Transport en Commun) offers a large bus network throughout Wallonia. You can choose your ticket depending on your travel frequency (single ticket, card or season ticket).

Please visit www.infotec.be for more information.

Good to know

It is possible to travel around **Mons** thanks to 'Intramuros' shuttle buses (€6/20 journeys). Timetable: during the week, one bus every 15 minutes between 5:30am and 8pm, and one bus every 20 minutes from 9am to 5:30pm on Saturday.

In **Charleroi**, you can also take the underground. Consult www.infotec.be for underground zones, fares and conditions.

To find real time information about public transport in Mons (arrival and departure times, alerts, etc.), download the Google Maps application.

/ Accommodation /

There are two types of student accommodation : **accommodation offered by institutions and private lodgings.**

Warning: we advise you that you start looking for accommodation as soon as possible! If you wish to benefit from accommodation at one of the institutions of the Pôle hainuyer, consult its website to find out about the procedures and above all, the deadlines for your application (see contacts). If you wish to find private accommodation, you can ask for advice from the SRI of your host institution (see details pages 8-10).

In both cases, you should ideally begin to look for accommodation around March for the following academic year.

Institution accommodation

The catalogue with all the information about accommodation offered by institutions and lists with private accommodation are usually available at your host institution's SRI.

The rooms (also called "kots"), located in student residences can be single or double. They are furnished and often have a shower. Kitchens usually are shared.

The monthly rent for an accommodation in an institution is approximately 270€, including provision for heating and water. A one month deposit is required.

Private accommodation

Private student accommodation in the city usually consists of rooms (kots) that can be either located in the landlord's house (kots in private homes) or "studios". Private kots are similar to those provided by the institutions. You can also rent a "studio", furnished or not, where you will have a private shower and kitchen. Rent is usually more expensive for studios.

Usually, rental periods are either 10 or 12 months. However, it is sometimes possible to reach an agreement with the landlord for a shorter rental period. The average monthly rent for a furnished kot is approximately 300€ without charges (renting costs for electricity, water and heating).

Youth hostels

Youth hostels are an ideal solution for a few nights.

« Un toit, deux âges »

An alternative to accommodation offered by institutions or individuals: inter-generational accommodation. If you wish to combine economic concerns and conviviality, contact the association " Un toit, deux âges " (One roof, two ages).

Useful links

Here are a few websites where you can find ads, some information and useful tips :

www.inforjeunes.be

www.student.be

www.kitkot.be

www.kotplanet.be

www.1toit2ages.be

www.aubergesdejeunesse.com

/ Health /

Accidents and illnesses in the context of :	an activity linked to the study sector	Insurance subscribed by the school	Contact the SRI of your home or host institution.
		Insurance not subscribed by the school	Let your contracted insurance intervene in your home country or in Belgium.
	a private activity	CEAM	By presenting your CEAM and your identity card (or passport) to the health professional consulted or in a public hospital, you will receive identification labels to benefit from the necessary medical care whilst remaining under the insurance system of your home country. You can also involve your possible complementary insurance.
		No CEAM	Let your contracted insurance intervene in your home country or in Belgium.

Insurance

In Belgium, individual healthcare insurance is mandatory. You must be insured in all cases.

If you come from a country of the European Economic Space, EEE (EU + Iceland, Norway, Lichtenstein and Switzerland), you are insured by your national insurance system.

Upon your request your healthcare insurance company in your home country will provide you with a European Health Insurance Card (CEAM). This is valid for one year maximum and will enable you to become member of a so-called 'mutuelle' in Belgium, in order to benefit from the reimbursement of medical expenses under the same conditions that apply to Belgian residents.

Note that the same principles apply to students from countries which have signed a bilateral agreement with Belgium on healthcare insurance. Find out from your healthcare insurance company in your home country or a 'mutuelle' in Belgium. An 'all inclusive' mobility insurance can also be subscribed with a private insurance company to obtain a refund of all incurred expenses.

If you come from a country outside the EEE, you must have a healthcare insurance policy to reside in Belgium. Some insurance companies offer additional policies that cover hospitalisation and other medical expenses, repatriation, illness or accidents that occur during your stay abroad.

Furthermore, international students can sometimes benefit from a collective insurance policy underwritten by their home or host institution to cover accident occurring during student activities. Find out from the SRI of your home or host institution (see details pages pages 8-9) whether it is possible and don't forget to check what you are covered for (accidents, repatriation, civil liability, etc.) as well as the intervention conditions (on the way to the institution, during excursions it organises and in case of participation in educational activities organised on its premises).

Money

The Euro (€) is the currency used in Belgium. Numerous ATMs are at your disposal (Bancontact/Mister Cash, Visa, Mastercard, Maestro, etc.). They generally work with most credit and debit cards.

If you open a bank account in Belgium upon your arrival, you will need to submit following documents :

- identity card or passport ;
- your kot/studio's address ;
- a Social Security certificate or a host institution's enrolment certificate.

Telephone

The major mobile telephone companies in Belgium are Proximus, Mobistar and Orange.

You can easily buy a SIM card with a local call number and small communication credit in a mobile phone shop. The cards to reload your communication credit can be bought in the same shops, but also in supermarkets, newsagents, etc.

The Proximus logo, featuring the word "proximus" in a stylized, lowercase font with a blue and purple color scheme.

Shops and services

There are many shops and services (shops, banks, post offices, cybercafés, launderettes etc.) in your host city. Usual opening times are from 9 am to 6 pm, from Monday till Friday or Saturday. Shops and services are closed on Sundays but night shops can help you 24/7.

Waste management

In Belgium household waste and other waste is subject to **selective sorting** and collected regularly. In order to know about the collection schedule (dates and times to put your bins outside) in your region, download the **mobile application "Recycle!"** or consult the websites of the organisations below :

- Braine-le-Comte : www.ibw.be
- Charleroi, Gosselies, Fleurus, Marcinelle, Loverval : www.icdi.be
- La Louvière, Mons, Morlanwelz, Saint-Ghislain : www.hygea.be
- Ath, Leuze-en-Hainaut, Mouscron et Tournai ; ainsi que Thuin, Sivry-Rance : www.ipalle.be

Catering

The institutions of the Pôle hainuyer provide numerous catering facilities. Depending on the campus, sandwiches and/or hot meals are available at democratic prices. To know the available restaurants and cafeterias in your host institution, visit its website (see contact). Please note that numerous snack-bars and restaurants are also available in the cities around the campuses.
